In inviting the kind attention of Government to G.O.No.Mis.1775 P.H. dated 4-10-26 in which the opening of a Rural Dispensary at Mundaje in the area of this Taluk Board was sanctioned on the distinct understanding that no expendture is incurred from the Taluk Board funds, I have to state that the Dispensary which was opened on 19th November 1926 with the aid of private donations for the supply of the necessary medicines etc., had to be closed at the end of one full year as donations were not forthcoming for the following year. For the same reason, the Dispensary has remained closed since.

2. Recently an Ayurvedic practitioner who is the holder of a certificate after undergoing the prescribed --- course of training in the Government School of Indian Medicine. Madras, has settled down in Mundaje and has opened a Dispensary with some outside help. The situation has improved now on such a/that contributions would be forthcoming if the Permanent Rural Dispensary there is revived and Government would be pleased to pay the usual subsidy. The Dispensary however will not be an Allopathic one but run on the Ayurvedic system as permitted in G.O. No. 1633 P.W. Dated 1-7-29

3. I solicit orders sanctioning the restoration of provincial subsidies on the conditions stated in the G.O.'s referred to above and permitting me to have the Dispensary opened in the current year.
